

How the Railway Strike Started

(Wheat Pool Budget)

On Tuesday, August 22, 125,000 non-operating employees of Canadian railways went on strike, bringing to a halt the whole rail transportation system in Canada. The employees asked for a 40-hour working week with no reduction in pay, plus an additional wage increase.

The railways contend that it would cost \$124 million a year to meet such a request. This additional cost would require an increase of 38 per cent in freight rates. Between March, 1948, and May, 1950, the railways were granted four rate increases. The combined increases in that period amounted to 45 per cent over the level prevailing prior to March, 1948.

The conciliation board which heard evidence from the employees and the railways recommended a four-hour reduction in the basic work week, bringing it down from 48 to 44 hours, under a wage formula which would give some reduction in pay for most of the employees. The cost to the railways would be about \$17 million. The unions rejected the recommendation and the employees voted for a strike.

The railways offered to reduce the basic work week to 44 hours with the same pay as for 48 hours, or, as an alternative, a graduated wage increase of 84c an hour with the continuance of the present work week. The additional expense of such an offer, when applied to all employees, would to-

tal \$37 million a year. The unions turned down this offer.

The prairie provinces of Western Canada is a region which depends for its transportation almost entirely on the railways. The living of the people in this area is based mainly on agriculture. The producer of farm products pays the freight on exports. He also pays the freight on imports of manufactured products.

The people of the prairie provinces and particularly the farmers, feel that freight rates can be raised no further without endangering the economy of the region. A very substantial proportion of the farm production of the prairie provinces must find an outlet in overseas markets where wage levels are much lower than in Canada and where the ability of the consumer to pay is an important market factor.

The wage bill is far and away the greatest item of railway expenses. An increase of even \$37 million in wages will undoubtedly bring a further request for higher rates. An increase of \$124 million would require freight rates 90 per cent higher than those prevailing early in 1948. Such an increase would effectively strangle Western agriculture.

Organized labor has gained tremendous power mainly through widespread popular support. This power, however, should be used wisely if the support of the great majority of the Canadian people is to be continued.

Wedding Bells...

BILLO — LOVESETH

The Kinsella United Church was the setting of a very pretty wedding on Monday, September 4, at 3 p.m., when Lillian Betty, elder daughter of Mr. and Mrs. O. Loveseeth, of Viking, was united in holy matrimony to Michael, son of Mr. and Mrs. S. Billo of Kinsella, the Rev. Fred Forster, pastor of the United Church, officiated at the double ring ceremony. The church was beautifully decorated with potted plants and a profusion of autumn flowers for the occasion.

To the strains of Lohengrin's wedding march, played by Mr. Gordon Hefso, the bride entered the church on the arm of her father who gave her in marriage. She was lovely in her floor-length gown of white brocade satin, fashioned on colonial lines, the fitted bodice had a net yoke trimmed with clusters of pearls and lily point sleeves. Her floor length veil fell from a head-dress of orange blossoms. She carried a bouquet of white gladioli.

Attending the bride was Miss Mary Billo, sister of the groom who wore a yellow taffeta gown with finger tip veil. Her corsage was of pink and white sweet peas and carnations. Miss Allison Christensen was maid of honor and wore a mauve taffeta gown and finger tip veil, and carried a bouquet of pink and white carnations.

The groom was supported by Mr. Tinar Loveseeth, brother of the bride, and Mr. Lawrence Mitchell. "Ishers were Mr. G. Paterson and Mr. Leidar Loveseeth. During the signing of the register, Mr. Arnold Hafso sang "O Perfect Love," accompanied at the piano by his brother Mr. Gordon Hafso.

Following the ceremony a reception was held at the Kinsella Memorial Hall for about one hundred guests. Mrs. Loveseeth, mother of the bride, was smartly attired in a black dress with grey accessories and a corsage of red roses. The bridegroom's mother chose a brown dress and rust colored accessories with a corsage of pink carnations. Mr. Earl Hardy, MLA, proposed the toast to the bride to which the groom fittingly responded.

A wedding dance was held in the Kinsella Memorial Hall in the evening, with music supplied by the Viking Swingers, of which the groom is a popular member. Later the newlyweds left on a motor trip to Vancouver and other coast points. For travelling the bride chose a grey gabardine suit and matching accessories. On their return they will make their home in Kinsella.

Out of town guests attending the wedding and reception were Miss Thelma Phillips, RN, of Edmonton, Miss Amy Chanayak, RN, of Edmonton, Mr. and Mrs. Earl Hardy, of Holden; Mr. and Mrs. George Klontz, Mrs. Nels Hefso, Mrs. Bud Nearing, Mrs. M. Phillips, Mr. J. Craig, Mrs. Fred Forster, Colin Loveseeth, Mr. and Mrs. Bob Thunell, and Mr. and Mrs. H. G. Thunell and Lindsay of Viking.

The regular Infants Pre-School Clinic will be held at the Irma Rest Room September 22.

The Flag of the United Nations

The official flag of the United Nations, now flying with national banners over the U.N. armed forces in action to restore the peace in Korea, is shown in this photograph. The background color of the flag is the light blue associated with U.N. since its early days, while the official United Nations seal in its center is in white.

Down MEMORY Lane

(Items taken from the Files of the Irma Times 30 years ago.)

Mrs. H. W. Love returned from a visit to the coast.

J. W. Graydon was manager of the Co-op Store.

W. Ketchin sold eighteen binders which was considered a record.

The eleventh exhibition and fair was held on August 11.

J. G. Clark sold 40 head of Clyde horses at an auction sale conducted by J. W. Stuart.

Miss Nora McFarland was teaching at Alma Mater school.

Glenholm School opened with Mrs. C. Christensen in charge.

Geo. Fischer was one of the best ball players on the Trail Ranger team.

A son was born to Mr. and Mrs. W. S. Matthews of Jarrow on August 10.

SEEDS FOUND IN TUT TOMBS GROWING FAST

CALGARY (CP)—Seeds from an original pod of garden peas taken from the tomb of King Tutankhamen in Egypt after 4,970 years of neglect have been planted in the Calgary gardens of J. G. Molstad and James Doherty.

The seeds have yielded stalks about seven feet tall and at last report they were still growing. The stalks grew one-quarter of an inch a day during rainy weather.

The original peas were found in King Tut's tomb during Lord Carnarvon's Egyptian archaeological expedition in 1923-23. They were found in a hermetically-sealed jar, exactly as they had been left 4,970 years before.

One of the expedition's archaeologists brought a pod of the ancient peas to England where they were planted. The seeds were later planted in various centres of the United States.

Judge Lewis L. Fawcett of Brooklyn, N.Y., sent some of the seeds to Mr. Doherty in Calgary.

Irma School Opened On September 2

The Irma School opened on September 2 with an enrolment of 192 pupils. This is an increase of 12 over last year. There are 19 new high school students and a beginners class of 23 in the public school.

PRAIRIE TRANSMISSION LINES LTD.

6-13c

The Rev. Mr. Rickie of Edmonton will be in charge of the United Church services here on Sunday, September 10.

Mrs. A.D. Glasgow Guest Speaker At LOBA Meeting

Mrs. A. D. Glasgow was guest speaker on Thursday last at the regular meeting of the Irma LOBA. She gave an address based on findings at the Blueprint for Cancer school. This was very much appreciated and all ladies present. Mrs. Glasgow is doing a very worthwhile work in bringing these facts before the public.

Birthday Party Held Tuesday For Mrs. Burrell

On Tuesday evening, Sept. 5, Mrs. J. J. Burrell was agreeably surprised when a carload of neighbors suddenly arrived with a chicken supper and all the trimmings. The guest of honor was presented with a huge Angel Food Cake. Congratulations and best wishes were extended by all to which Mrs. Burrell suitably replied. The Irma Times joins in wishing Mrs. Burrell many more happy birthdays.

Easterly Echoes

The first day of school on Tuesday meant much to Lorraine Savard, Donald Sanders, Joyce Dootson and Carl Fenton as this was their first day of school. Mr. Herbert Magee of Calgary spent the week-end at the home of Mr. and Mrs. James Fenton and visited other relatives in the district.

CARD OF THANKS

I wish to thank all my relatives and friends for the fruit and flowers, all the letters and cards, and to all who called to see me. It all helped so much.—Mrs. A. E. Knudson. Sp

At The Churches

IRMA UNITED CHURCH
Sunday, Sept. 10
Strawberry Plains—11 a.m.
Albert—2 p.m.
Irma Sunday School—11 a.m.
Worship Service—7:30 p.m.
The Rev. Mr. Rickie of Edmonton will be in charge.

AVONGLEN GOSPEL MISSION
Sept. 10 to 16

Sunday:
10:45—Sunday School and Adult Bible Class.
11:45—Worship Service.

Tuesday:
8 p.m.—Bible Study in "Romans" and Prayer.

"Sometimes spiritual convictions and impressions are talked off instead of being WORKED OUT—enthusiasm venting itself in words; or like the Mississippi steam boat, so weak in the boiler, that, whenever it blew the whistle, it stopped!"—A. T. Pierson.
You are cordially invited to attend.—Rev. R. E. Oswald.

ST. MARY'S CHURCH
Service of Evensong will be held in St. Mary's Church on Sunday, Sept. 10 at 2:30 p.m.

ALLIANCE TABERNACLE
Sunday, Sept. 10

10:45—Sunday School and Bible Class.

11:45—Morning Worship Service.

Wednesday

8 p.m.—Prayer Meeting.

Pastor, Geo. E. Warnock.

"One of the greatest mistakes that a Christian can make is to imagine that increased social or spiritual activity can be any compensation for the lack of secret communion with God. A prayerful life is a powerful life; and a prayerless life is always a powerless life. If we cannot pray aright, we really can do nothing aright; but how slow we are to believe it!" The Evangelist.

The Irma Ladies Aid will meet at the home of Mrs. S. Brown on Thursday afternoon. Devotionals by Mrs. Frickelein, Topic by Mrs. Targett and hostesses, Mrs. McFarland and Mrs. L. N.

Farewell Party Held For Clelland

On Wednesday of last week a group of friends and neighbors gathered together for a surprise party in honor of Mrs. M. Clelland who is leaving Irma to make her home at Edmonton. The guest of honor who has lived in the Irma district for many years, was presented with a lovely tea service. The good wishes of her friends here will accompany her to her new home.

News Items From Kinsella & District

A shower in honor of Miss L. Loveseeth was held in the Kinsella Memorial Hall on August 28, when about seventy ladies attended. After some community singing and games, Miss Loveseeth was presented with a shower of beautiful gifts, presented from a wishing well. Before the opening of the gifts, Miss Betty Armitage recited a very fitting poem for the occasion. As each gift was taken from the well, a wish was made by the prospective bride for the donor. A delicious lunch was served at the close.

Congratulations to Mr. and Mrs. N. Overbo on the birth of a daughter, and to Mr. and Mrs. Hjelmsvold on the birth of a son.

Mr. and Mrs. F. Murray were visitors to the city during the week-end.

Miss Mary Billo of Vegreville was home for the week-end to attend the wedding of her brother Mr. M. Billo.

Visitors from the city during the week-end were Mrs. G. Lee and Miss B. Olsenberg.

Mr. and Mrs. L. Witton and family of Zeballos B.C. are visiting at the home of Mrs. Witton's parents, Mr. and Mrs. E. Mark.

Jarrow News

A real surprise party took place at H. R. Whidden's on Monday evening, August 29, when about fifty friends and neighbors gathered to wish them well in their new home. The evening was spent in visiting, music and singing. Mr. V. Lindberg as toast-master presented them with a gift as a memento of the occasion.

Donald Daggs of the RCAF is spending his furlough helping out with the harvest.

Betty Armitage and Evelyn Orachecki were the guests at a birthday party held in their honor on Wednesday, August 30 at the J. H. Armitage home.

Mr. and Mrs. Raynor Smith and son of Vancouver were visitors at the H. G. Smiths recently.

Mr. and Mrs. G. Whidden are the latest ones to be sporting a new half-ton Mercury.

September 5, saw the schools all opening. Mrs. B. Sather is back at Jarrow and Miss P. McPeak is in charge at Batts.

Our young people have also dispersed in various directions. Olga Bruhaug and Stella Lindberg are both supervising. Olga is at Alice Hill in the Holden Division while Stella has gone to Mascot north of Wainwright.

Evelyn and Andrew Orachecki are back at Irma. Grant Lindquist and Alwyn Whidden are at Wainwright. The Armitage children who have come to Batts for several years are going to Kinsella by bus.

Warren, Nathan Lorne and Tom Fuder are now going to school at Glenholm.

Miss Evelyn Peterson arrived from the coast last Saturday, after spending the summer vacation there.

Mr. and Mrs. J. Halvorsen drove to Edmonton last Wednesday to bring Mrs. H. Halvorsen home after her many months stay in hospital.

The many friends of Mrs. Halvorsen in our district are glad to hear that she is able to be home again.

The fine fall weather is much appreciated by our busy harvesters.

Mr. and Mrs. J. Halvorsen drove to Edmonton last Wednesday to bring Mrs. H. Halvorsen home after her many months stay in hospital.

YIELD OF WHEAT PER ACRE OVER THE PRAIRIE PROVINCES 1950

The map printed above shows the yields of wheat in the various districts in each of the Prairie Provinces. It will be observed at a glance that there is an unusually large area containing over 20 bushels to the acre. There are, too, unfortunately, three areas shown in white that are under 10 bushels, the result of drought. Until the middle of June these drought areas shown in white were very much larger. Generous rains from the third week in June to date are responsible for the very great improvement in yield that has taken place.

A Drive For Dollars

CANADIAN CONSUMERS have been aware of the large quantities of British goods which have appeared on the markets in this country during the past few years. Most of the people have also been aware of the reasons for the appearance of this flood of British merchandise in Canada, at a time when the British people themselves were known to be short of many of the articles which they exported. The dollar shortage, which has been the cause of many post-war marketing problems between Canada and the United Kingdom, has become less acute as a result of the British export drive, which has been successful in bringing many millions of Canadian dollars to that country. The drive was organized by British exporters with the hope of bringing about a more even balance of trade with Canada, and the results for the first part of this year have been considered most encouraging. However, officials have warned against over-optimism, emphasizing that the problem is not yet solved.

Are Grateful For Support

June of this year was one of the most successful months since the export drive was organized. Figures for that month show that vehicles valued at approximately eight and one half-million dollars were exported to Canada. Vehicles included ships, aircraft, locomotives and trucks. In addition, British cars exported to Canada in that month brought nearly six million dollars, while agricultural machinery accounted for about eight millions. These were the most valuable shipments sent to Canada in June, but wool and worsted yarns, iron and steel products and machinery also brought large returns of Canadian dollars to Britain. Canadian merchants and consumers have received the gratitude of British exporters for the co-operation which they have given to the efforts of British exporters to solve the dollar problem.

Export Wheat To Britain

Although Canadians have given every support to this drive, they also look with interest to the export of goods from this country to British markets. In June, the same month for which figures for British exports to this country are given, Canada sold over thirty million dollars worth of wheat to Britain, more than a million dollars worth of wheat products, as well as bacon, cheese, metals, and other items. Britain's shortage of dollars has been a major problem to both countries in carrying on trade since the war, and the progress which is being made in solving it will be welcomed both by Britain and Canada. Canadians look to Britain as a natural market for many of the products of our land, mines, forests and industries, while Britain has need of these in her economy. The ultimate solution of this problem will be of benefit to both countries.

RECIPE HINTS

Jellied Ham Mould

For summer entertaining, a jellied ham mould is a perfect choice. Here's an especially delicious recipe which uses consommé as the liquid and small amounts of mustard and onion for seasonings. Soak 2 lbs. gelatin in a little cold water. Heat 3 cups consommé and add gelatin, stirring until dissolved. Cool, then add 1 tsp. horseradish, 2 tsp. prepared mustard, 1 the minced onion and a dash of black pepper, ground luncheon meat. Pour into ring mould, loaf pan, or decorative mould which has been well rubbed with salad oil or rinsed with cold water. (Oiling makes unmoulding easier.)

Edmonton May Enter Junior Hockey League

EDMONTON, — Edmonton may have an entry in the Western Canada Junior Hockey League this season if a new scheme for the off-mooted move succeeds. Sanford Clare, president of the Edmonton and District Junior Hockey League announced that the team will be sponsored by Jim Christiansen, Edmonton sportsman, if the W.C.J.H.L. accepts the Edmonton entry. Christiansen sponsored the Edmonton Mercury who last spring won the World Amateur Hockey Championship.

GULLS FILL SKY NEAR CORONATION

CORONATION, — The sky over Coronation was literally filled with hundreds of Franklin gulls flying in a southeasterly direction recently, presumably driven from the north by cold weather.

Discover Rattler In Northern Sask.

PRINCE ALBERT, Sask.—Gibson Hoy of St. Louis, 20 miles south of here, ran over what he thought was a tree branch on the road but he found it was a 50-inch rattlesnake, with six rattles on its tail. Gordon Luns, a wild-life expert, and chief constable Ernest Alexander said it was the first rattler ever reported in this northern Saskatchewan area.

Outpost Hospitals Planned For North

THE PAS, Man.—Plans for construction of one or two outpost hospitals to serve the area along the Hudson Bay railway are under consideration by federal and provincial health departments and the Red Cross. An inspection of northern Manitoba health facilities has just been completed by provincial and Red Cross officials. The visitors described plans for hospital building. Location of the institutions is not known.

Prairie Weed May Help Kill House Flies

A perennial weed, common to the prairie provinces of Canada, may some day become an important harvested crop. Known among botanists as *Helipolis scabra* but called "ox-eye" by the layman, the yellow-flowered weed has been found to contain a powerful insecticidal chemical called "scabrin" in its roots. The chemical possesses greater toxicity to house flies than the well-known pyrethrum, according to the U.S. department of agriculture, by whom it was discovered.

Worry thrives on concealment of its cause. Often when the cause is discussed frankly with some trusted person, the load of worry grows much lighter.

Future Lies With U.N.; The Present With Soda Pop

A sermon could be preached on this picture. Seven-year-old Kenny Ley of Port Jervis, N.Y., is gazing across New York's East river at the imposing United Nations secretariat building. He may be pinning his dreams on the wish that what it stands for will work and that by the time Kenny is ready to face the world as a man the threat of atomic disintegration will have vanished from the face of the earth. On the other hand, Kenny's dreams may be focussed entirely on the flavor of the soda pop he is sipping through a straw.

Funny and Otherwise

Wife (as Mr. silently enters the house): What time is it dear?
Mr.: Just 1 o'clock.
Wife (as clock strikes three): Dear me, how that clock struts!

"Witness," said the attorney, "was it this man's habit to talk to himself when alone?"
"Just at this time," was the answer, "I don't recollect ever being with him when he was alone."

C.W.A.C.: Did the doctor remove your appendix?
W.D.: "Feels to me like he removed my whole table of contents."

Principal—Aren't you ashamed to be called into this office so often?
Pupil—Why, no, sir. I always thought it was sort of a respectable place.

Quack Doctor: "Yes, gentlemen, I have sold these pills for over 25 years, and never heard a word of complaint. Now, what does that prove?"
Voice from the crowd: "That dead men tell no tales, guv'nor!"

"Is there hot water in your house?" asked one small boy of another.
"There is," replied the other, "and I am always in it."

A young sailor saved his Admiral from drowning. The great man was full of gratitude and praise.
"And tomorrow," said the Admiral, "I shall thank you before all the men."
The sailor began to quake.
"Strewth, sir, don't do that!" he pleaded. "They'll 'alt murder me."

Judge: "What happened after the prisoner gave you the first blow?"
Witness: "He gave me a third one."
"You mean a second one?"
"No, I gave him the second one."

Brown: "I had plenty to say in the house today."
Jones: "What, the House of Commons?"
Brown: "No, my own house. The wife was out!"

Skin Eruptions

Here is a clean, painless, penetrating antiseptic oil that brings speedy relief from the itching and discomfort. Not only does this healing antiseptic oil promote rapid and healthy healing in open sores and wounds but boils and simple ulcers are also relieved. In skin affections the itching of Eczema is quick soothed. Pimples — skin eruptions dry up and scale off in a very few days. The same is true of Barber's Itch, Salt Rheum, Itching Toes and Feet and other inflammatory skin disorders. You can obtain Money's Eucalypti Oil in the original bottle at any modern drug store. Satisfaction or money back.

THE TILLERS

New President

Charles MacLean of The Strathmore Alta., Standard, was recently elected president of the Alberta division, Canadian Weekly Newspapers Association at the annual convention held at Lethbridge.

Army Nurses Visit Remote Arctic Post

CHURCHILL, Man. — Go north young woman—but just for a visit, not to live. This is the advice of two Canadian Army women who recently returned to this Hudson Bay port after a trip by air to Cornwallis Island, about 1,100 miles north of here and 600 miles north of the Arctic Circle.

In making the trip in an R.C.A.F. airplane, Capt. F. M. Brohman of Maryhill, Ont., matron at Fort Churchill Hospital, and Lieut. Margaret Wilcox of Victoria, B.C., dietitian for Prairie Command, became the first-known white women to go that far north in Canada.

The flight was made to return a man to his post at the weather station at Cornwallis. He had been in hospital at Churchill, flying time for the round trip was 16 hours.

Capt. Brohman described Cornwallis as "a gravel pile".

"We saw no birds, no animal life except several very cute husky pups at the weather station. The men told us they had killed a polar bear up a creek just before we arrived," she said.

The pair found a clump of golden Arctic poppies growing beside a small pool. The only other growth on the island appeared to be a green moss which, from the air, they mistook for grass. They brought back the clump of poppies as a souvenir of their trip.

Both officers agreed they would not be anxious to repeat the trip.

"It was delightful," Capt. Brohman said. "But we've seen Cornwallis now. What we want now is to fly to the North Pole or anywhere else new."

Sharks, unlike other fish, have no true bones—their skeletons are made entirely of cartilage.

Electric Power Extends To 648 Manitoba Farms

WINNIPEG.—The Manitoba power commission's rural electrification programme made further substantial strides during July, according to W. D. Fallis, general manager, in his review of hydro activities.

Six hundred and forty-eight farms in the municipalities of Pipestone, Birtle, Russell, Elnora, North Norfolk, North Cypress, Edward and Arthur were connected to the hydro system during the month, as were the villages of Deerhorn, Woodnorth, Scarth, Cromer and Altona.

Effective Sept. 1st, Lac du Bonnet will obtain electric service from the commission, bringing to 355 the number of cities, towns and villages served, Mr. Fallis said.

FOOD IMPORTANT
The U.S. Public Health Service says that of all the factors of man's environment none is more important to his welfare than food. Of all food, none is more important than milk.

Crusty, Crunchy DINNER ROLLS

• They're really ritzzy—and no trouble at all to make, with new Fleischmann's Royal Fast Rising Dry Yeast. Gives you fast action—light doughs and rolls none of the bother of old time perishable yeast! Get a dozen packages—keeps full strength without refrigeration!

● Measure into a large bowl 1/2 c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 mins. THEN stir well.

Add 3/4 c. lukewarm water and 1 1/2 tsp. salt. Add salt at once, 3 1/2 c. one-cupped bread flour and work in with the hands; work in 3 lbs. soft shortening. Knead on lightly-floured board until smooth and elastic. Place in greased bowl. Cover with a damp cloth and set in warm place, free from draught. Let rise until doubled in bulk.

Punch down dough in bowl, fold over; cover and again let rise until doubled in bulk. Turn out on lightly-floured board and divide into 2 equal portions; shape each into a long roll about 1 1/2" in diameter. Cover with a damp cloth and let rest 15 mins. Using a floured sharp knife, cut dough into 2" lengths and place, well apart, on ungreased cookie sheets.

Sprinkle rolls with cornmeal and let rise, uncovered, for 1/2 hour. Brush with cold water and let rise another 1/2 hour. Meanwhile, stand a broad shallow pan of hot water in the oven and preheat oven to hot, 425°.

Remove pan of water from oven and bake the rolls in steam-filled oven for 1/2 hour, brushing them with cold water and sprinkling lightly with cornmeal after the first 15 mins., and again brushing them with cold water 2 minutes before removing. Baked buns from the oven. Yield—18 rolls.

—By Les Carroll

B.C. Apple Crop Better Than First Estimate

Grapes And Peaches Show Losses From 30 To 94 Per Cent.

VICTORIA. — Final pre-crop estimates on British Columbia's 1950 fruit harvest were issued by the Agricultural Department.

They show prospects in the Okanagan slightly better for the apple crop than the early season estimates and place the prospective crop at 6,564,120 boxes.

This is a drop of 1,456,576 boxes, or 18 per cent. from the 1949 crop, due to the severe winter suffered by the valley.

Earlier estimates were that the apple crop would be down more than 21 per cent.

In other parts of the province the estimates are higher than last year, although they make up only a small part of the total B.C. crop.

Kootenay's harvest is estimated at 592,500 boxes, up 14 per cent. from 1949; the Fraser Valley at 80,000 boxes, up 9 per cent. and Vancouver Island and the Gulf Islands at 25,000 boxes, up 11 per cent.

Overall estimate for the province is 7,258,620 boxes, a decrease of 16 per cent. from last year's pick of 8,632,576 boxes.

However, in the soft fruits and stoned fruits, the new Okanagan estimates still show losses ranging from 30 per cent. on grapes to as much as 94 per cent. on apricots and peaches.

Beats Off Reptile Before Fangs Strike

MEDICINE HAT, Alta.—Railroading has its exciting moments.

Canadian Pacific Railway Fireman Cal Herring of Medicine Hat stepped off a pusher engine 20 miles west of here to throw a switch. While he performed the chore, a rattlesnake coiled around his leg and prepared to strike.

Herring managed to beat off the reptile before it could sink its fangs into his leg.

Women outnumber men more than 10 to one in Berlin.

Familiar Sight On Prairies

Across the western prairies now as hundreds of farmers are reaping a bumper crop, the activity of harvesting is seen and heard from morning to night. It is common to see from the highway, farmers with modern machinery equipped with powerful lights, cutting and threshing many hours after dark has fallen. During recent years elevator companies have built extra storage space to take care of the rush of grain that is hauled by fast moving trucks direct from the fields of harvest. Some 2,000 farm workers from the east have spread over the prairies to help garner in western Canada's vital industry.

Above: Truck moves into an elevator at Portage la Prairie, Man. This plant holds 40,000 bushels, and can store as much more. Above, right: A group of country elevators at Brandon, Alta. Bottom, right: A modern self propelled clipper makes a quick job of harvesting grain.

Prairie Fruit Orchard Produces Standard-Size Apples

Irwin W. Studer, M.P. For Maple Creek, Expects To Harvest 300 Boxes This Year, Besides Large Quantities Of Other Varieties

(By George Murphy)
LAC PEPLETTE, Sask. — Eight years ago the fruit trees of Irwin W. Studer, M.P. for Maple Creek, were unknown—and unplanted. This year Mr. Studer is expecting at least 300 boxes of standard-size apples from his orchard near here. Other fruits are being harvested in equally large quantities.

The Studer fruit farm is considered to be an outstanding example of what can be done on dry land, where there is not an irrigation project within miles.

Just as he was a pioneer in orchard work, Mr. Studer is a pioneer in contour farming, terracing his land in accordance with the natural slopes of the earth's surface.

Colorful Sight
Apple trees on the farm are not tall, but they are covered with apples which will soon be a colorful sight. Mr. Studer has planted 8,000 apple trees on his farm, and laid out a 20 acre orchard eight years ago. In all there are 3,000 fruit trees, and nearly as many different varieties of plums and cherries. Pears and apricots only produce occasional crops, Mr. Studer says.

When you go to Studer's for fruit you pick it yourself, and get a discount, and, as a result, people from all over southwestern Saskatchewan have been picking fruit this year. There is a fresh crop of raspberries every second day, and one can get berries not only by the basket, but by the bushel.

One of the outstanding apple crops this year is the 'Hoye' No. 12, a hardy variety of apple originated by Adolph Heyer, pioneer horticulturist at Neville, Sask.

The 'Hoye' No. 18 apple is another of the best producers this year, and the 'Harrison' apple from Minnesota is bearing well.

When Mr. Studer was thinning his apples a short time ago he picked as many as four cases of apples off a single tree. Today one would wonder where there were branches enough to hold them. Branches are bowed right down to the ground with the weight of the prairie fruit crop this year. The flavor of the home-grown fruit incidentally, is excellent.

Asked why apricots seldom produce a crop in Saskatchewan, Canada's horticultural member of parliament said that there was a tendency for apricots to bloom too early. In order to offset this however, the University of Saskatchewan is working on a cross between an apricot, and sand cherry tree. The sand cherries bloom late, and if the cross is

U.K. Livestock Gift Coming To Canada

GLASGOW. — A gift of pedigree livestock, sent from the government and people of the United Kingdom, left for Canada aboard the steamship Salacia.

About 70 head, including cattle, pigs and sheep, made up the shipment. They will be auctioned at Brandon, Man., in October and the proceeds will be used to replace livestock lost in floods last May.

The livestock was selected on the basis of Canadian suggestions and includes prize-winners at national shows.

PEGGY

Western Briefs

Extend Service

SASKATOON, Sask. — Saskatchewanan Power Corporation will extend electricity service to 2,400 additional farms this year.

Wheat For Britain

CHURCHILL, Man. — Two ships have left here with grain for the United Kingdom. The Begonia sailed with about 360,000 bushels of wheat. The Ramilles carried 250,000 bushels.

Plan Chuckwagon Races

EDMONTON. — Chuckwagon races will be included next summer in the entertainment at the Edmonton exhibition, directors decided at a meeting. About \$7,500 will be allocated as prize money for the races.

On The Way Out

CALGARY, Alta. — Street cars will be museum pieces here within a short time. Mayor Don Mackay said the last street car would be taken off duty some time in October. Trolley coaches and motor buses then will carry the complete transit load.

Win Horse Trophy

EASTEND, Sask. — Dalt. Deonan, riding his grey horse Lee, won the silver horse trophy donated by the Saskatchewan Brewers' association for the best Saskatchewan-bred saddle horse at the horse show sponsored here by the Eastern Light Horse Improvement society.

Didsbury Man Elected

SASKATOON. — E. Wiggins, of Didsbury, Alta., was elected president of the Canadian Teachers' federation at the annual convention here. He defeated Harold Murphy, a Manitoba delegate, for the position and succeeds Dr. Bernice MacNaughton of Moncton, N.B. On the 1950 board of directors is Miss M. R. Conway, Manitoba.

Founded B.C. Paper

VANCOUVER. — One of three men who founded what now is the Vancouver Sun, largest newspaper in British Columbia, died recently. He is Richard S. Ford, 78, who along with F. C. Wade and John P. McConnell founded the Morning Sun in 1912. It later became the Vancouver Sun.

By Volunteer Labor

DAFOE, Sask. — The basement of Foote Canadian United church, built this summer by volunteer labor, was used for the first time when ladies of the congregation served supper to 100 guests to celebrate its opening. A gang of 42 built the basement, working a 12-hour day. The basement is the full size of the church, measuring 24 feet by 60 feet. It is 14 feet deep. The church was a barracks from the bombing and gunnery school at Dafoe. The exterior is still very much like a barracks but the interior has been transformed into a fine church.

Elmwood Editor Heads Manitoba Association

WINNIPEG. — Norman S. McLean, publisher of the Elmwood Herald, was elected president of the Manitoba division of the Canadian Weekly Newspaper association held here.

Other officers elected were: R. S. Evans, Morden Times, first vice-president, and J. R. Manning, Reston Recorder, second vice-president.

The following directors were elected: A. E. Lodwick, Treherne Times; Mrs. Una Phillips, Boissevain Recorder; A. H. Leech, St. Vital Lance; H. E. Munro, Swan River Star, and Times, and T. E. Wilkins, Killarney Guide.

Elected as committee chairmen were, D. K. Friesen, Altona Echo, advertising; Eugene DeLoren, Carleton Place, job printing; L. J. Bennett, Dufferin Leader, Carman, legislation; G. C. Kraft, Selkirk Enterprise, subscriptions, and H. A. Wallace, Southern Manitoba Review, Cartwright, membership.

NEW FEATURE

Beginning with next issue we are inserting in these columns a feature on Stand-ard Bridge by M. Harrison-Gray, which no doubt will be interesting to follow during the coming months.

OUR COMPLETE SHORT STORY

Dreams Are Wonderful

"You Can Never Tell About Girls." The Boy Said.

By MARK HAGER

WHEN Johnny Wade got back, he saw that the cherries were ripe. They reminded him of something that had been on his mind since the days of his training early in the war.

Johnny went home first, and he told the folks hello, and he tried to eat, but he couldn't. For a day and a night, he went round and round, and adjusted his tie, and then he walked down by the highway and stood until the bus came by, and he got on and he travelled. Johnny thought it was curious he was travelling in the same direction as once before, but still, the thought was pleasant, for this was a different mission.

Down in the country where Johnny had been trained for war, he got off the bus, and he walked. Until he came to a sweet cherry tree.

The boy in the tree called: "Come on up and we'll squirt cherry seeds." Johnny said, "Thanks," and climbed over the fence. "This your cherry tree?"

"Uh-huh, but we don't care for people climbing it and eating cherries. The soldiers did it once."

"You in the tree then?" Johnny asked.

"Uh-huh. Me and my sister, and one of the soldiers reached down and pulled Betty Lou up on that big limb. He squirted cherry seeds at her."

"Did she like that?" Johnny asked. "You never can tell about girls," the boy said. "But seemed to me like she got a little goofy after that."

"Sad or something?" Johnny said. "Kind of, I reckon, but she wouldn't talk about it."

"Does she ever come with you to the cherry tree?" Johnny asked. "Yeah, only she just gazes."

"At what?" Johnny said. "Just down the road. The way the soldiers went. The one that lifted her up, he went back at her."

"And she doesn't know who the soldier was?" Johnny said. "I guess not," said the boy, "but my sister sure has worried. Gets wonderin' did any of them keep killin' it. I think Betty Lou can't forget the soldier that lifted her up on the big limb."

"Hasn't she got other boy friends?" Johnny said. "No, sir. She ain't got no interest in 'em. She's just gazy and dreamy all the time."

Johnny said, "Where's your house?" "Over the hill there. Why?"

"Kind of like to see where a boy like you lives," Johnny said. "Okay," the boy said. "Climb down. I'll show you."

As they climbed up the hill through the tall grass, the boy said, "You might also get to see my ma and Betty Lou. They wanted me to stay and help hang out the wash. But who wants to stay around the house on wash day when the cherries are ripe?"

On top of the hill Johnny sat down by the boy. After a few moments, the boy pointed.

"There they are. There's Betty Lou in front with the clothes basket." For a little while Johnny just looked.

The girl's arms gleamed in the sun, and her heavy head of hair tumbled over her shoulders.

"Sonny," Johnny said, "would you like to make a dollar bill real easy?"

"A dollar bill?" said the boy. "Shucks! Never had one all my own!"

"Just run to the house," said Johnny, "and help your mother finish the wash and hang up the clothes, and tell Betty Lou she can get up the cherry tree now. Tell her she won't have to bearin' it and climb."

The boy's eyes twinkled, and he said: "Must I tell her to bring a bucket, mister? Betty Lou likes to make cherry pot-pies, and I have a feelin' you gonna eat with us."

"Yeah," Johnny said. "Tell her to fetch a bucket."

The boy tore down the hill, cap in hand.

Johnny got up and walked back to the cherry tree. He climbed it, catching to the big limb.

When the girl came up where she could see Johnny, she stopped. Johnny could tell she was gripping a handful of grass in one hand and the bucket in the other, but they did not speak.

The girl ventured closer. "You didn't get killed. You got back. How'd you make out?"

"Oh, all right," Johnny said. "Three years," the girl said.

"Not exactly," said Johnny. "I came back to this tree a lot of times in those years. All I had to do was shut my eyes and done off. It was easy to get back, and sit on this limb and reach down... just like this..."

Briquetting Plants Planned In Alberta

CALGARY. — Alberta Briquetting Corporation Ltd. said it will build coal-briquetting plants at Okotoks, Ryley and Medicine Hat. Each will have a capacity of 1,000 tons of briquettes a day.

The company said that as machinery and equipment become available, it also plans the erection of plants at Brooks, Bickerville, Camrose, Lundbreck and Red Deer.

TRUCK RUNS WILD BUT DRIVER SLEEPS

REGINA, Sask. — Arthur Schultz, of Darlingford, Man., is a sound sleeper.

The proof? Schultz fell asleep in his truck as he drove through a construction company yard here.

The truck collided with two other vehicles, crossed and recrossed a double railway track, and smashed through two fences.

Schultz slept through it all.

You will be delighted with this fragrant tea

CIGARETTE TOBACCO

—By Chuck Thurston

MAGIC makes baking fine-textured, delicious!

CINNAMON SANDWICH BISCUITS

Mix and sift once, then sift into a bowl, 2 c. one-sifted pastry flour (or 1 1/2 c. one-sifted hard-wheat flour), 3 tps. sugar. Cut in finely 4 lbs. chilled shortening. Combine 1 well-beaten egg, 1/2 c. milk and 3/4 tsp. vanilla. Mix lightly with a fork, adding milk if necessary, to make a soft dough. Knead for 10 seconds on lightly-floured board with flour 1 1/2" cutter. Cream together 1 1/2 tps. the soft butter or margarine, 1/2 c. lightly-packed brown sugar, 1/2 tsp. vanilla, 1/2 c. orange rind and 3/4 tsp. ground cinnamon. Using small spoonful of the mixture on half of the cut-out rounds of dough, top with remaining rounds of dough and press around edges to seal. Spread biscuits with remaining creamed mixture and arrange, slightly apart, on greased cookie sheet. Bake in hot oven, 400° about 12 minutes. Serve warm. Yield—16 biscuits.

Special Features For the Little Tots

You can do well for your Kiddies here.

Boys' Honey Child KNIT SUIT

2 button polo style upper.
Knee length shorts with
elastic waist. Warm, smart,

Locals

Mrs. L. Worthington had the
misfortune to break her arm last
week.

Mrs. D. Veitch, the former Jean
Prior, of Courtenay, B.C., is visit-
ing here at the home of her par-
ents, Mr. and Mrs. W. H. Prior.

Mr. and Mrs. Seymour Harper
of Mt. Albert, Ont., have been re-
cent visitors in the Orbindale dis-
trict. Mrs. Harper was the former
Lavinia Sawdon and had been ab-
sent from Orbindale for the past
26 years.

Mrs. A. Owen has been a patient
in the Wainwright hospital for
some time. We are glad to hear
that she is making good progress
and expects to be home soon.

We are glad to hear that Mrs. H.
Halverson is home once more after
spending many months in an Ed-
monton hospital.

Mrs. J. Dunbar is in Edmonton
taking further medical treatment.
The Rev. H. W. Inglis left Irma
on Tuesday evening for Eastern
Canada where he will attend the
General Council of the United
Church. Mr. Inglis is going as a
commissioner of the Alberta Con-
ference. He will be absent for about
3 weeks and will have an opportu-
nity to hear some of the most
outstanding clergymen of both
England and the United States.

Mrs. A. Enger is substitute
teaching at the Irma School for
Miss Solveig Steffensen who is not
yet arrived home from spending
the summer in Norway. However,
Solveig is expected very shortly
and will have many interesting
talks to tell all her friends here.

Mrs. A. R. Thompson who has
been visiting her sisters, Mrs. Tripp
and Mrs. Smallwood, left by plane
last week for her home in Boston,
Mass.

Misses Erna and Audrey Mills
and Bobby Mills returned to their
home in Edmonton last Friday
after spending their vacation with
the Smallwood families.

Born to Mr. and Mrs. James
Soneff of Edmonton on August 30,
a daughter, Janet Diane, weight
5 lbs., 2 oz.

Everyone is trying to make the
most of this glorious harvest weat-
her.

Mr. Donald and Jack McKay
motored to Edmonton last week-
end and returned with their mo-
ther who had been in the Royal
Alec hospital, receiving treat-
ments.

Mrs. Tripp is spending this week
in Edmonton.
